RETAIL ACCESS OPTIMIZATION INITIATIVE,
2011

Docket No. N2011-1

**NOTICE OF UNITED STATES POSTAL SERVICE OF FILING LIBRARY
REFERENCES USPS-LR-N2011-1/6 AND USPS-LR-N2011-1/7
(August 25, 2011)**

The Postal Service files the material indicated below in this proceeding as
Category 4 Library References responsive to Question 15 of Presiding Officer's
Information Request No. 1:

| | |
|-------------------|--|
| USPS-LR-N2011-1/6 | Number and Type of Alternate Access Points Close to RAO Stations and Branches -- POIR 1, Q.15 |
| USPS-LR-N2011-1/7 | Number and Type of Alternate Access Points Close to RAO Annexes -- POIR 1, Q.15 |

As indicated, this material relates to requests for information submitted by the
Presiding Officer on August 2, 2011, in Presiding Officer's Information Request No. 1,
Question 15(a). The Postal Service has located certain potentially responsive material
regarding the number of different types of alternate access points that are in proximity to
Category 2 (stations, branches) and Category 3 (annexes) retail facilities under review
in the Retail Access Optimization Initiative, as described at page 16 of USPS-T-1.
Library Reference USPS-LR-N2011-1/6 includes information for stations and branches,
and Library Reference USPS-LR-N2011-1/7 includes information for annexes. The
efforts required in connection with multiple technical conferences for this docket and the

press of other business delayed the preparation and review of this material.

Respectfully submitted,
